

# Warm homes

Warm Homes Leicestershire is a community based fuel poverty project that aims to help vulnerable households stay warm and healthy during the colder months.

Front line staff are encouraged to take up free tailored energy awareness training. Training covers tariff switching, grant funding and debt management. Benefit from:

- 4 hour training
- 2 hour basic training
- 30 minute awareness raising
- 10 minute team talk

All staff will receive training CPD certificates upon completion.
